PUBLIC NOTICE OF APPEAL

TO: All Interested Parties
FROM: S.C. Department of Health and Environmental Control
SUBJ: Joseph Tomasello, OCRM-06-349-R
DATE: August 3, 2007

The Department issued a permit to Joseph Tomasello to construct a private dock on and adjacent to Paradise Creek at 1312 Eden Road in Awendaw, Island, Charleston County, South Carolina.

Mark Henneman has requested a contested case hearing before the Administrative Law Court.

Intervenors: A motion for leave to intervene, with the \$25 filing fee, shall be filed with the South Carolina Administrative Law Court, Edgar A. Brown Building, 1205 Pendleton Street, Suite 224, Columbia, South Carolina 29201, (telephone 734-0550) and served on all parties and shall state the grounds for the proposed intervention, the position and interest of the proposed intervenor, and the possible impact of the intervention on the proceedings. A proposed answer or position in intervention shall be attached to the motion.

Any person may intervene in any pending contested case hearing upon a showing that:

- (1) the movant will be aggrieved or adversely affected by the final order;
- (2) the interests of the movant are not being adequately represented by existing parties, or that it is otherwise entitled to intervene;
- (3) that intervention will not unduly prolong the proceedings or otherwise prejudice the rights of existing parties.

The motion for leave to intervene shall be filed as early in the proceedings as possible to avoid adverse impact on the existing parties or the disposition of the proceedings. Unless otherwise ordered by the administrative law judge, the motion to intervene shall be filed at least twenty (20) days before the hearing. Any later motion shall contain a statement of good cause for the failure to intervene earlier.

A person granted leave to intervene is a party to the proceeding. The intervenor shall be bound by any agreement, arrangement or other matter previously determined in the case. The order granting intervention may restrict the issues to be raised or otherwise condition the intervenor's participation in the proceeding. If appropriate, the administrative law judge may order consolidation of petitions and briefs and limit the number of representatives allowed to participate in the proceedings.

SPECIAL NOTES

***DMPs** Dock Master Plans - OCRM is reviewing the listed DMPs for planning purposes only. Permitting decisions will occur when future dock applications are processed by OCRM for individual property owners. This document is used as a planning tool it is not subject to the appeal. OCRM welcomes comments from the public on these planning documents.

****WMPs** Wetland Master Plans – OCRM is reviewing the listed WMPs for planning purposes only. Permitting decisions will occur when future applications are processed by OCRM, which include impacts to freshwater wetlands. This document is used as a planning tool; it is not subject to appeal. OCRM welcomes comments from the public on these planning documents.

*****SWMPs** Stormwater Master Plans – OCRM is reviewing the listed SWMPs for planning purposes only. Permitting decisions will occur when future applications are processed by OCRM. OCRM welcomes comments from the public on these planning documents.

******PERs** Preliminary Engineering Reports – OCRM is reviewing the lists PERs for the purpose of commenting to other sections of DHEC concerning this document. OCRM will not be issuing a coastal zone consistency certification at this time but providing comments. If this proposal moves forward to the permitting process, OCRM would at that time do a full coastal zone consistency review.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

August 3, 2007

Permit Number: OCRM-07-186-R
Permit ID: 59404

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Alex Hooper
C/O Watersdeep Inc
PO Box 12880
Charleston, SC 29412

LOCATION: On and adjacent to Toomer Creek at 2184 Beckenham Dr, Masonborough at Parkwest, Mount Pleasant, Charleston County, South Carolina. TMS#: 594-12-00-368.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the applicant seeks to construct a 4' x 265' walkway, with handrails, leading to an 8' x 10' covered pierhead. Ebbside of the pierhead, a 3' x 20' gangway will access an 8' x 12' floating dock. Floodside of the pierhead, a 3' x 40', 'L' shaped catwalk will access a 12.5' x 12.5', four-pile boatlift. The work as described is for the applicant's private, recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before August 18, 2007. For further information please contact the project manager for this activity, Tess Rodgers at 843-953-0233.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

August 3, 2007

Permit Number: OCRM-07-190-M
Permit ID: 59490

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Nancy Union
C/o Mr. Christopher Union
788 Clearview Drive
James Island, SC 29412

LOCATION: On and adjacent to the Charleston Harbor at 788 Clearview Drive, James Island, Charleston County, South Carolina. TMS#: 454-01-00-076.

WORK: The work as proposed and shown on the attached plans consists of authorizing a roof installed over an existing fixed pierhead and to make additional modifications to the existing dock. Specifically, the applicant seeks an after-the-fact permit for the roof constructed over the existing 12' by 16' fixed pierhead. The applicant also proposes to install an 8.5' by 21' jet-float on the ebbside of the fixed pierhead. The purpose of the activities are for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE

August 3, 2007

Permit Number: OCRM-07-203-M
Permit ID: 59681

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Johnny Herndon
C/o Kennerty Surveying, Inc.
P.O. Box 26
Ravenel, SC 29470

LOCATION: On and adjacent to Sand Creek at 3253 Middle Tree Lane, Edisto Island, Charleston County, South Carolina. TMS#: 066-00-00-078.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the structure will have a 4' by 554' walkway, with handrails, leading to 6' by 6' covered fixed pierhead. Floodside of the pierhead, a ramp will lead to a 10' by 12' floating dock. The applicant also proposes to install a 10' by 16', four-pile covered boatlift on the floodside of the proposed floating dock. The purpose of the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

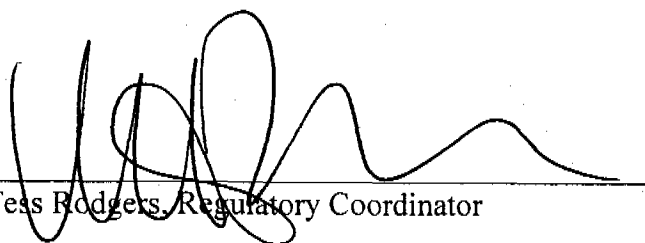

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before August 18, 2007. For further information please contact the project manager for this activity, Fred Mallett at 843-953-0236.

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Inlet Cove HOA
C/O H. Wayne Beam
P.O. Box 11863
Columbia, SC 29211

LOCATION: On and adjacent to a canal off Williams Creek at the intersection of 63rd Avenue North and East Nixon Street at the Inlet Cove Condominiums, Little River, Horry County, South Carolina.
TMS#'s 131-16-05-008, 131-16-05-009, 131-16-05-010, 131-16-05-011, 131-16-05-012).

WORK: The work as proposed and shown on the attached drawings consists of constructing a community dock and a bulkhead. The proposed dock will consist of a 10' x 10' deck located over highground with a 3' x 10' ramp accessing a 5' x 10' floating dock in a canal off of Williams Creek. The proposed bulkhead will be constructed at the toe of an existing riprap revetment and will be approximately 5' high and 360' long with approximately 400 cubic yards of backfill. The purpose of the proposed work is to provide a docking area for the Inlet Cove Condominium owners and to provide erosion control. **PLEASE NOTE:** The applicant has applied to the U.S Army Corps of Engineers for the General Permit 2006-10-001, for the community dock and has applied for a Nationwide Permit 13 for the bulkhead.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

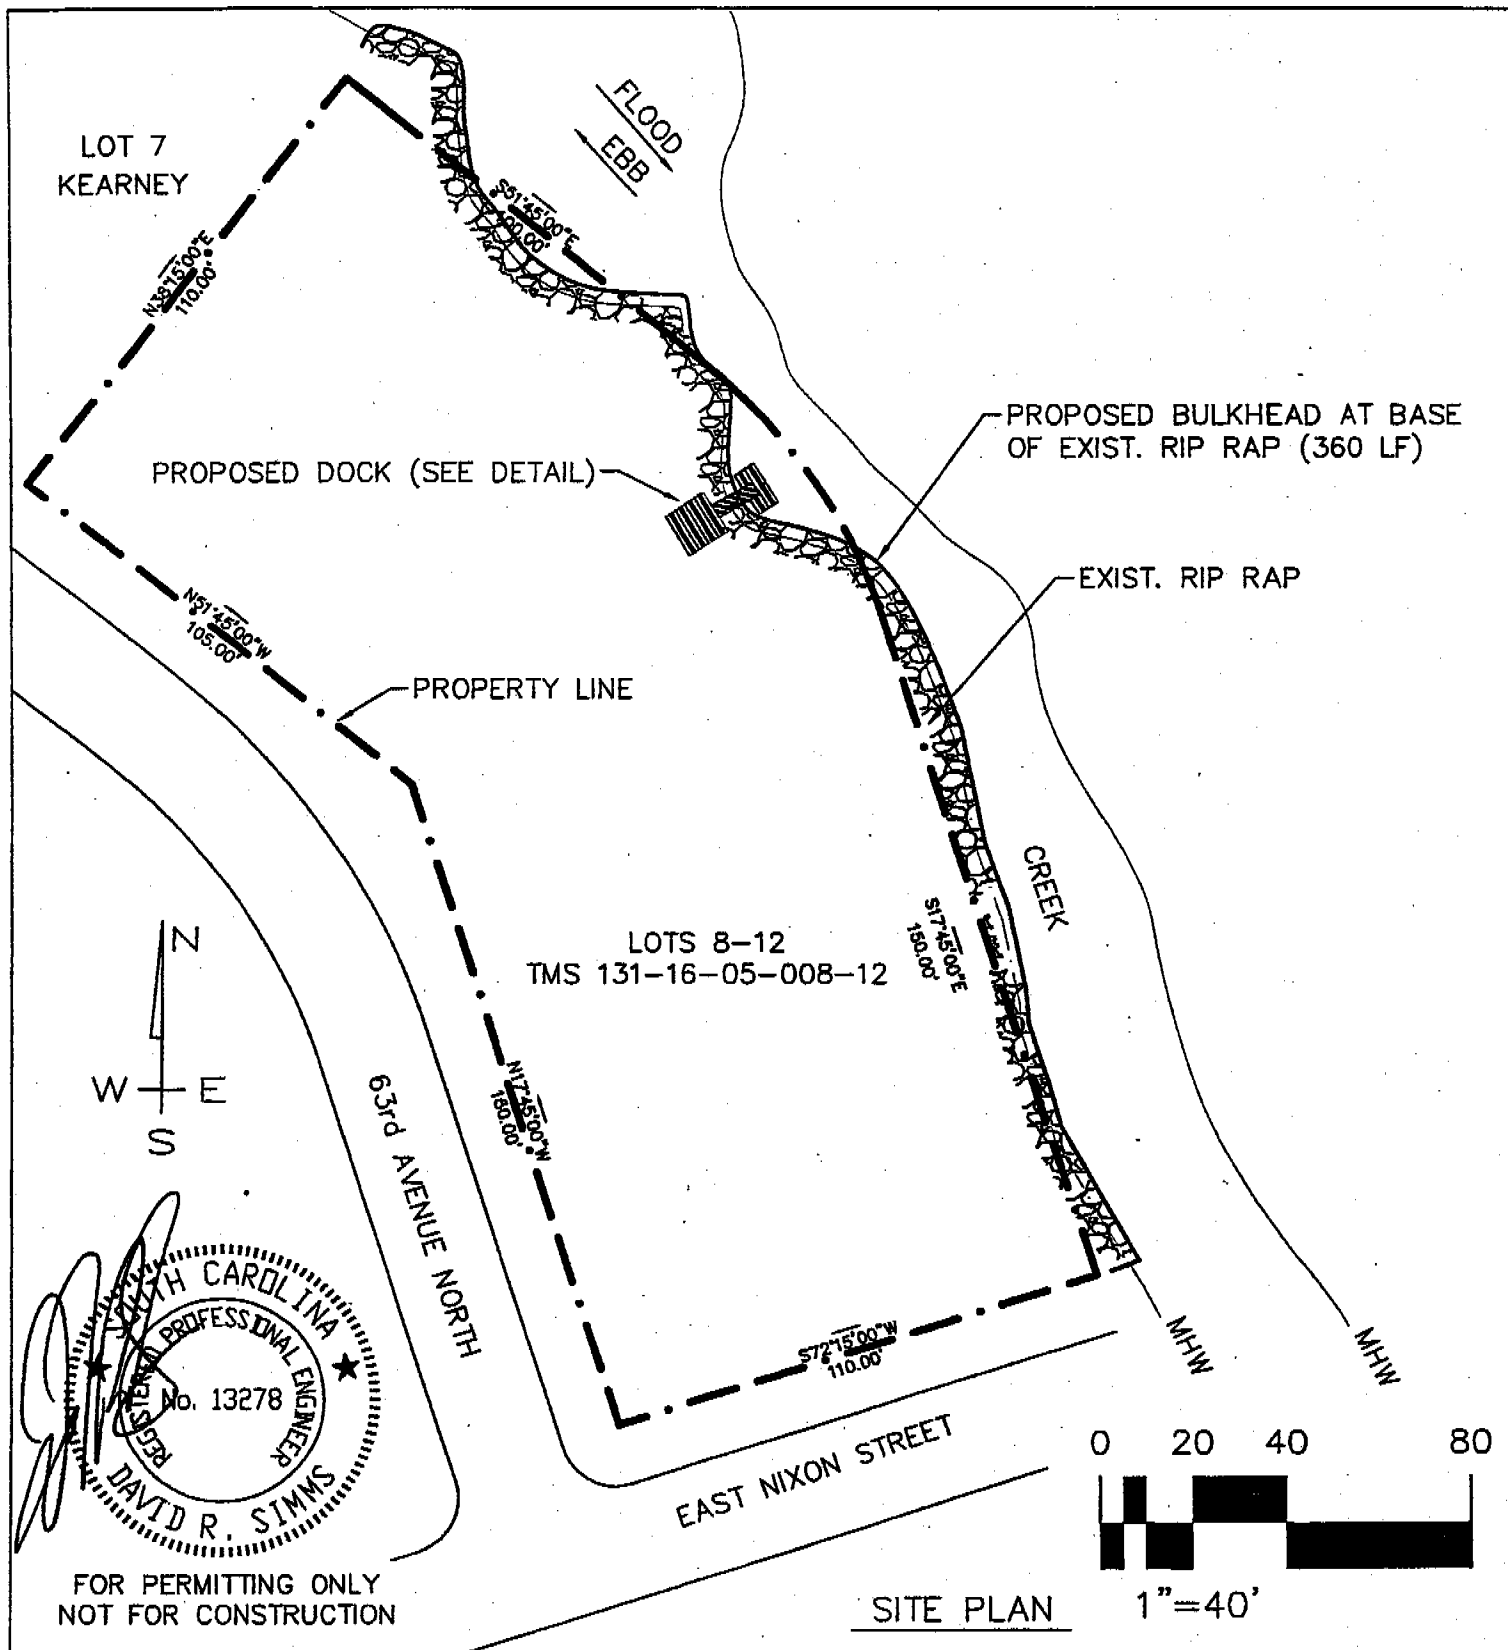

To assure review by OCRM, comments regarding this application must be received by OCRM on or before September 2, 2007. For further information please contact the project manager for this activity, Steve Brooks at 843-953-0235.

PERMIT APPLICATION PUBLIC NOTICE**

August 3, 2007

Permit Number: OCRM-07-215-E
Permit ID: 59820

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Nancy Carter
c/o Zande-Jon Guerry Taylor, P.E., Inc.
767 Coleman Blvd., Suite 2
Mount Pleasant, SC 29464

LOCATION: On and adjacent to Wappoo Creek at 42 Indigo Point Dr., Charleston, Charleston County, South Carolina. TMS#: 349-05-00-166

WORK: The work as proposed and shown on the attached plans consists of replacing a failed 110' timber bulkhead with a new bulkhead in the same location, and replacing an existing 8' x 20' floating dock with a 6' x 26' floating dock. The work as described is for erosion control and the applicant's private, recreational use. **Please Note:** This is an after-the-fact permit request for work that has already been completed under an emergency order issued by The City of Charleston.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

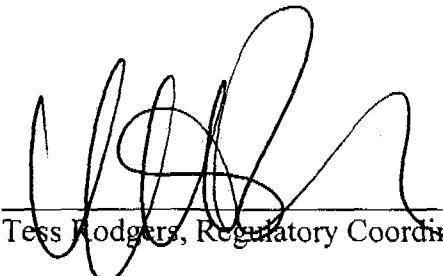

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before August 18, 2007. For further information please contact the project manager for this activity, Bill Eiser, at 843-953-0237.

PERMIT APPLICATION PUBLIC NOTICE**

August 3, 2007

Permit Number: OCRM-07-883
Permit ID: 59840

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Richard N & Linda Edie
C/o Bailey Marine Construction Inc
277 Old Baileys Road
Okatie SC 29909

LOCATION: On and adjacent to Chechessee Creek at 22 (Lot 17) John Cochran Circle, Okatie, Beaufort County, South Carolina.
TMS#: R600-010-000-091-0000.

WORK: The work as proposed and shown on the attached plans consists of constructing a private dock. Specifically, the structure will have a 4'x180' walkway with handrails leading to a 10'x16' fixed pierhead with handrails and benches. To the left of the pierhead will be a 3'x24' ramp leading to a 10'x16' floating dock. The purpose for the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

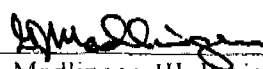

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before August 18, 2007. For further information please contact the project manager for this activity, Geordie Madlinger at 843-846-9400.

NOTICE

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

12 O'CLOCK NOON, TUESDAY, SEPTEMBER 4, 2007

from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of dredging approximately 2,800 cubic yards of material with a hydraulic cutterhead dredge from the Colony Pointe Channel. The dredge material will be transported by pipeline from the dredge to the Debordieu Homeowners Association disposal basin. The overall project purpose is to provide personal watercrafts access to coastal waters.

NOTE: Plans depicting the work described in this notice are available and will be provided, upon receipt of a written request, to anyone that is interested in obtaining a copy of the plans for the specific project. The request must identify the project of interest by public notice number and a self-addressed stamped envelope must also be provided for mailing the drawings to you. Your request for drawings should be addressed to the

The District Engineer has concluded that the discharges associated with this project, both direct and indirect, should be reviewed by the South Carolina Department of Health and Environmental Control in accordance with provisions of Section 401 of the Clean Water Act. As such, this notice constitutes a request, on behalf of the applicant, for certification that this project will comply with applicable effluent limitations and water quality standards. The work shown on this application must also be certified as consistent with applicable provisions the Coastal Zone Management Program (15 CFR 930). The District Engineer will not process this application to a conclusion until such certifications are received. The applicant is hereby advised that supplemental information may be required by the State to facilitate the review.

This notice initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. Implementation of the proposed project would impact 0.75 acre of estuarine substrates utilized by various life stages of species comprising the red drum, shrimp, and snapper-grouper management complexes. Our initial determination is that the proposed action would not have a substantial individual or cumulative adverse impact on EFH or fisheries managed by the South Atlantic Fishery Management Council and the National Marine Fisheries Service (NMFS). Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the NMFS.

The District Engineer has consulted the most recently available information and has determined that the project will have no effect on any Federally endangered, threatened, or proposed species and will not result in the destruction or adverse modification of designated or proposed critical habitat. This public notice serves as a request to the U.S. Fish and Wildlife Service and the National Marine Fisheries Service for any additional information they may have on whether any listed or proposed endangered or threatened species or designated or proposed critical habitat may be present in the area which would be affected by the activity, pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended).

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking.

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of registered properties, or properties listed as being eligible for inclusion therein, and this worksite is not included as a registered property or property listed as being eligible for inclusion in the Register. To insure that other cultural resources that the District Engineer is not aware of are not overlooked, this public notice also serves as a request to the State Historic Preservation Office to provide any information it may have with regard to historic and cultural resources.

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for a public hearing shall state, with particularity, the reasons for holding a public hearing.

The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the activity on the public interest. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the project must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the project will be considered including the cumulative effects thereof; among those are conservation, economics, aesthetics, general environmental concerns, wetlands, historic properties, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and conservation, water quality, energy needs, safety, food and fiber production and, in general, the needs and welfare of the people. A permit will be granted unless the District Engineer determines that it would be contrary to the public interest. In cases of conflicting property rights, the Corps of Engineers cannot undertake to adjudicate rival claims.

The Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties in order to consider and evaluate the impacts of this activity. Any comments received will be considered by the Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this project. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects, and the other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the need for a public hearing and to determine the overall public interest of the activity.

If there are any questions concerning this public notice, please contact Wiley Bracey at 843-365-1707.
